PLAN ORGANIZATION

Two Hundred Washington Men Expected at Dinner Saturday Evening.

MR. BRYAN IS SCHEDULED FOR A SPEECH ON PEACE

Club to Link Capital With Other Cities for Discussion of Public Questions.

About 200 of Washington's leading men are to organize the Economic Club of Washington at a dinner at the New Willard Hotel, March 4, at which tim Williams Jennings Bryan, former Sec retary of State, is to speak on "What Definite Steps Can the United States Take Toward Insuring a Permament Peace?" and speakers representing every viewpoint of this question are to address the club.

Organization of this club links the National Capital with a chain of similar organizations in more than fifteen of the large cities, under the title "The National Economic League," which has headquarters at 6 Beacon street, Boston, Mass. The purpose of the movement is to enable the busy man to give more influential consideration to the economic and before the nation. economic and political problems

SPLIT SALARY SCANDAL TO COME UP IN COUNCIL

Two Reports to Be Presented to Chicago Body, One Demanding Mrs. Rowe's Dismissal.

CHICAGO, March 1 .- The split salary candal precipitated by Mrs. Page Waller Eaton's charges against Mrs Louise Osborne Rowe will be taken up by the city council tonight.

There will be majority and minority reports offered by the council commitee which investigated the charges. The minority report will demand that Mrs. Rowe be dismissed from her position as head of the department of pub-lic welfare. Both reports contain recommendations for grand jury ac-

ion. The hearing before the civil service commission will not be resumed until Friday, when a number of witnesses charged by Mrs. Rowe's attorney with being parties to a conspiracy to dis-credit Mrs. Rowe will be examined.

Congratulates the Portland, Me., Chamber of Commerce on Raising \$10,000 for Station.

President Wilson has shown keen in erest in the project of the national aerial coast patrol commission for the establishment of aeroplane stations along the coasts of the two oceans, the great lakes and the Gulf of Mexico as a measure of "preparedness," and to be used in time of peace as an adjunct men of national reputation represent- of the coast guard in saving life and He has sent a letter of congratula-

tion to the Chamber of Commerce of Portland, Me., for its success in being the first American community to raise \$10,000 for the establishment of one of the proposed stations. "It is a gratifying indication of the spontaneous interest of that part of the coast in national defense, and I hope the example which they have set may be followed elsewhere," the President wrote.

The project, of which Rear Admiral Peary is called the "father" and is the lead as chairman of the commission, is taking form. A chain of such aerial coast patrol stations from Eastport Me., to Brownsville, Texas, and from San Diego, Cal., to Cape Flattery, Wash., is contemplated. The great lakes are to be similarly protected.

Government officials say that they are doing all in their power to secure better communications with the United States.

YES-IT IS POSSIBLE TO STOP RHEUMATISM

Rheumatism is a tormenting and stubborn malady. In some cases it yields to treatment which is without avail in other cases.

The sharp pains, lame muscles or stiffened joints disappear by expelling the uric acid, and so many thousands have been helped by the blood-enriching oil-food in Scott's Emulsion that you should give it a faithful trial. Scott's Emulsion is a powerful blood-purifier to increase the red corpuscles and it strengthens the organs to carry off the acids which cause the trouble Scott's Emulsion cannot harm; it has helped thousands and may be exactly what you need. It is proposed to increase the payment of \$250 to a specified beneficiary at the death of a member of ficiary at the death of a member of he association to \$1,000, the associaion to provide for \$250 of the increase and the railway company the remaining \$500, due to the fact that the memompany or its subsidiaries.

Retirement Rule Amended.

J. T. Moffett, superintendent of transportation, announced that a reduction in eligibility for retirement was to become effective, making retirement possible at the end of fifteen years' service instead of twenty years, as heretofore, and that applications for pensions would be accepted when the age of fifty-five was reached, instead of sixty, as heretofore, if the applicant had been in the service the required length of

in the service the required length of time.

In addition to the inauguration of a special pension for disability, it was announced that the increase of pension to applicants in service fifteen years, or less than twenty years, would be based on from 20 to 25 per cent of wages, with an added bonus of 2 per cent to those in service over 25 years, and with a death benefit allowance of \$100 to the family of the pensioned employe, in addition to the increased insurance benefit allowed by the relief association.

Minimum Pension Rate.

The minimum pension was stated as being approximately \$20 per month and the highest in the neighborhood of \$60 monthly, these new features being considered the most liberal in effect introduced by any street railway company in the country.
